

**Product Name :**  
5 Gas Emissions Analyzer with Printer

**Product Code :**  
TK521

**Description :**

5 Gas Emissions Analyzer with Printer

**Technical Specification :**

Built-in Thermal Printer prints our test results and recorded data.  
Get the gas analyzer that's the best of both worlds: the ultimate in BAR-94 accuracy and complete portability. So small, you can take it on road tests -- and store it in your toolbox.  
The 4-line by 40-character backlit display measures a whopping 3" x 9.5" and supports our exclusive double high, double wide characters.  
Set the analyzer on a stand or toolbox and read it from across the service bay.  
A unique heavy-duty pump and filter design keeps contaminants as far from the analyzer as possible.  
Quickly connects to the 12V battery for power.  
The IR send/receive function allows wireless connection to any PC or dot-matrix printer  
With full accessories:  
All components and leads made to protect the safety of the students according to the laws in force.  
It provided with manual in English language
