

**Product Name :**  
Biology Lab Fruit fly Genetics Kit

**Product Code :**  
NLAB-EDUSCHOOLEQ23004

**Description :**

Biology Lab Fruit fly Genetics Kit

**Technical Specification :**

Includes 15 sheets each, with snap apart features showing male and female and 4 types of fruit flies.

This unique kit contains simple activities designed to teach basic fruit fly genetics without using live flies.

Students can perform crosses using plastic pieces printed with features allowing them to observe and simulate sex determination, single factor inheritance, double factor inheritance, sex linkage, dominance and recessiveness.

Drosophila Melanogaster is used without the inconvenience of maintaining live fruit fly cultures.

Teacher's Guide and Student instruction sheet included.
