

**Product Name :**  
Digital Point Load Tester

**Product Code :**  
NLAB-VOCATIONALTVET17012

**Description :**

Digital Point Load Tester

**Technical Specification :**

The applied load is measured by a high precision electric load cell with a digital display unit range 0-56kN proving:-

65.000 divisions

0.001 kN resolution

Linearity: 0.05%

Hysteresis: 0.03%

Repeatability: 0.02%

The strength index (IS) is got by the formula  $P : D^2$  where P is the strength and D the space between the two conical points.

Supplied complete with wooden carrying case, goggles, accessories.

Dimensions: 400 x 530 x 720 mm
