Table                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | <b>Product Code :</b><br>NLABMEDICAL-M2760001 |
| <b>Description :</b><br>Electromatic O.T. Table                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |                                               |
| <b>Technical Specification :</b><br>It is equipped with imported electric actuators for smooth & effortless working of the table.<br><br>It ensures the actuators working in a constant speed without any noise & is designed to run even at low voltage to carry on the surgery.<br><br>Key Structure:<br><br>The table has been made from acid proof, stainless steel (the face of the table is easy to clean and immune to disinfection agents)<br><br>Strong & rust free base of stainless steel is provided to make the working conditions pleasant for the doctors & nurses.<br><br>Orthopedic attachment (hips and legs support) including the patient's pelvis support and legs support enables the limbs strain performing.<br><br>Design of the Orthopedic attachment & eccentric column provides monitoring of the limbs with the C-ARM during the operation.<br><br>The various positions such as Up-Down movements, Trendelenburg Reverse Trendelenburg.<br><br>Lateral Tilts, Flex- Reflex, Chair Position as realized by remote control.<br><br>Leg section & head section are interchangeable.<br><br>Technical Constraints:<br><br>Top Dimension: L 1930 XW 553 mm<br><br>Height Adjustment: 762 mm -1012 mm<br><br>Trandelenburg / Reverse : 30° / 25° |                                               |

Lateral Tilt: 20° / 20°

Kidney Elevator: 150 mm

Back Rest (up / Down): 80° / 25°

Leg Rest (up / Down): 15° / 90°

Head Rest (up / Down): 20° / 60°

Power Supply: 24v Dc

Battery Backup (Optional): 2-3 Hours
