

Product Name : Electronic DC Programmable- 300W Load Load	Product Code : NLAB-TESTINGLABM22002
Description : Electronic DC Programmable 300W Load	
Technical Specification : Features Rated at 0-30A and 0-360V DC.. Maximum Power dissipation 300W.. Constant Current (CC), Constant Power (CP) and Constant Resistance (CR) modes. Can be controlled from a host PC (interfaces available). Over voltage, Over current, Over power, Over temperature and polarity reversal protection. Built-in 10 step program feature. Multi-function menu. Backlit LCD for good visibility on the bench. High-resolution measurements. Electronic Load software included. AC power: 110V to 220V.
