

Product Name :
Eyewash and Safety Shower NEI 300

Product Code :
NLAB-SAFETYLABP19003

Description :

Eyewash and Safety Shower NEI 300

Technical Specification :

Safety Shower and eyewash operates independently by pull rod, hand push lever and foot lever.

Valve: SS stay open ball valve with yellow ABS push plate.

Bowl: Receptor bowl made of ABS and highly resistant to acid, alkali and oil among others.

Shower: Extra large drench shower head made of highly visible yellow ABS plastics.

Automiser heads: Twin soft flow automiser head which has aerators to control the stream straightness and diameter, thus reducing splash by aerating the stream. It also controls to save water and reduce energy costs. The twin flow has cover which protects from dust and opens with water pressure.

Activation: For shower - Pull rod; For eyewash – Push plate/ Foot paddle.

Water inlet and drain: 1-1/4 inches BSP.

Pipe: ISI marked GI pipe with powder coating for anti-corrosion.
