

Product Name : Intermediate Vernier Microscope	Product Code : NLAB-EDUSCHOOLEQ173038
Description :	
Intermediate Vernier Microscope	
Technical Specification :	
The movement is controlled by a knob at the side of the base, and can be fixed in any position with a clamping screw, and a Vernier scale allows precise measurement to 0.01 mm. The microscope itself features a 7x magnification Ramsden objective, 3x magnification 50 mm FL eyepiece, and a cross-piece graticule, with rack-and-pinion focusing. The carriage has two locations for the microscope, which allows it to be mounted with its axis in any position relative to travel. Supplied in a polished wooden case. The unit is built on a heavy cast-iron base.
