

Product Name :
Nauga Lab Mono Fume Hoods

Product Code :
NLAB-LABORATORYEM68005

Description :

Nauga Lab Mono Fume Hoods

Technical Specification :

Mono Fume Hoods

Industrial grade support frame constructed of electro-galvanised steel and aluminum with oven-baked epoxy powder-coated finish.

State-of-the-art baffle system constructed of phenolic resin laminates, ensures airflow uniformity throughout main chamber of the hood.

Aerodynamic curved side profile improves containment.

Progressive Bypass Airflow System redistributes air intake when sash is closed.

Aerodynamic design eliminates air turbulence, minimizes noise levels and static pressure losses.

Grade 304 stainless steel airfoil sweeps the work surface to maintain superior operator protection.
