

Product Name :
PCB Prototyping Machine

Product Code :
ES212

Description :

PCB Prototyping Machine

Technical Specification :

The PCB with high precision and accuracy, and also without investing much of your valuable time and efforts, we have an exciting solution for you.

72 PCB Prototype Machine provides several features which can make your life easier.

This electro-mechanical utility, you can escape cumbersome task of traditional PCB designing which involves time taking etching and drilling processes.

Get rid of dealing with chemicals which often spoil your hands and are harmful to you and environment. Provided with the USB connectivity, 72 can print your desired circuit on the PCB within minutes.

Accompanied design software provides simple and elegant interface which is user-friendly, and can even be operated by novice Engineers and Students.
