

Product Name :
Series and Parallel Training Sets

Product Code :
NLAB-SCHOOLABS22010

Description :

Series and Parallel Training Sets

Technical Specification :

Learn the working principle and assembly of solar cells. Study the difference in current and potential difference when connecting solar cell circuits in parallel and in series. and the electrical conductivity that has been used in conjunction with other devices. The equipment in the set consists of Eight sheets of 250 x 450 mm solar panel, 6V motor, propeller, 2 plastic wrenches, and instruction manual.
