

Product Name :
Solar System Model

Product Code :
NLAB-EDUSCHOOLEQ46010

Description :

Solar System Model

Technical Specification :

This tellurium model is designed to show the orbits of the earth and moon while earth rotates on its axis.

It is also used to demonstrate seasons and changing length of day by tilting the axis of the earth.

Small earth and moon set-up shows eclipse and phases of the moon in detail.
