

Product Name :
Solar Tracker

Product Code :
DM855

Description :

Solar Tracker

Technical Specification :

Solar Tracker

Sun tracking device, provided with steel framework and gearing system for orienting the panel on two degrees of freedom in space.

Energy saving and environmental pollution reduction are crucial global issues. Using renewable energies as alternative sources to fossil fuels can address both issues, with great benefits especially in countries where traditional energy sources are scarce.

Considering the above, this system enables experimental investigation on the conversion of solar energy into electricity exploiting the photovoltaic effect.
