| <b>Product Name :</b><br>Spiral Mixer | <b>Product Code :</b><br>NLAB-VOCATIONALTVET27003 |
|                                       |                                                   |
| <b>Description :</b>                  |                                                   |
| Spiral Mixer                          |                                                   |
| <b>Technical Specification :</b>      |                                                   |
| <b>Specifications :-</b>              |                                                   |
| Flour Capacity: 18kg                  |                                                   |
| Weight: 105kg                         |                                                   |
| Phase: 3 phase                        |                                                   |
| Automatic Grade: Semi-Automatic       |                                                   |
| Bowel Size: 55 Litres                 |                                                   |

Power (Kilowatt): 3.5 k.w

**Features:**

Durable

Sturdily constructed
