

Product Name :
Verticle CNC Milling MC

Product Code :
NLAB-MECHANICALAB260006

Description :

Verticle CNC Milling M/C

Technical Specification :

High rigid cast iron machine frame

Over 500kgs aging-treated cast iron frame to prevent losing accuracy by time

Full linear ways and C3 class ground ballscrews for all 3 axis

HIWIN™ High precision class linear ways and C3 class ground ballscrews for all 3 axis / Z axis enhanced with heavy duty roller type linear ways

AC SERVO driving BT30 spindle system with Pneumatic PDB

Industrial precision BT30 spindle unit / High end AC SERVO spindle motor system

AC SERVO 3 axis driving system

AC SERVO motor system for all 3 axis / Run faster, more smoothly and never lose step

Industrial 4 axis /5 axis CNC control system

Industrial CNC controller with Additional control panel / Compatible G code system / Full English operation&programming manuals

Full enclosure and integrated coolant&chip removing system

Industrial style full enclosure / Chip drand coolant system built in cabinet stand / Easy moving FOOT MASTER casters

2nd High speed engraving spindle (optional)

Special optional 2nd engraving spindle for precision 3D engraving works

Harmonic drive 4th/5th axis system (optional)
